Recommendation Letter

It is my pleasure to recommend Zainab. Zainab demonstrated tremendous effort and growth throughout the year and brought great energy to class. She has that combination of a positive attitude and the belief that she can always improve that's rare in an undergraduate student, but so essential to the learning process. I am confident that she will continue to display the same commitment and diligence in everything she does. I highly recommend Zainab for admission to your school.

Zainab would not describe herself as a 'number' person. She's told me on several occasions that all the numbers and variables make her mind go fuzzy. Zainab did, in fact, struggle to comprehend the material at the beginning of the year, but her response to this is what really struck me. Where so many others have given up, she took on this weakness as a welcome challenge. She stayed after school for extra help, got extra tutoring at home, and asked questions in and out of class. Due to all her hard work, Zainab not only raised her grades, but she also inspired some of her classmates to stay after for extra help, as well. Zainab truly demonstrated a growth mindset, and she inspired her peers to adopt that valuable perspective, too. She helped contribute to our classroom environment as one where all students can feel supported and able to ask questions.

Zainab's strong belief in her ability to acquire new skills and improve through practice was likely shaped by her years as a photographer. She has photographed schools events and her work reflects the dedication she puts in everything she does. As a teacher, it is incredibly fulfilling to witness a student make this kind of academic & personal progress and also to witness a student identifying their own strengths at a young age.

Zainab is a trustworthy, reliable, good-humored student and friend who supports others in and out of the classroom. She was a pleasure to have in class, and her positive attitude and belief in herself, even in the face of difficulty, is an immensely admirable asset. I'm confident that she will continue to demonstrate the same diligence, perseverance, and optimism that she showed myself and her peers. I highly recommend her for admission to your post graduate program. Please feel free to contact me with any further questions at following email id.

Sincerely,
